

Kelly Services® is your **single-source** staffing partner

For many years, the partnership of CoVest Sourcing Network and Kelly® has brought significant cost-savings, innovative workforce solutions, and a strategic account management team to clients across the Americas.

Competitive pricing

As a national Kelly customer, you are entitled to competitive, pre-negotiated pricing. Our strategic partnership with CoVest provides you with comprehensive workforce solutions to keep your business productive.

Personalized service

We work with you to understand your specific requirements, and then create and implement customized solutions that are based on your business objectives and our in-depth understanding of workforce trends.

“CoVest Sourcing Network provides leveraged pre-negotiated agreements for indirect goods and services, yielding immediate savings. Member companies rely on CoVest to drive down costs by leveraging the total group spend, providing best-in-class pricing and value added services. No upfront costs, long-term commitments, or investments are required to join the network.

Our expertise is your advantage.

Contract | Reduce your labor costs by adding staff when you need it for deadlines and absences.

Contract to Hire | Minimize your risk and make your hiring decision after a trial period.

Direct Hire | Eliminate the administrative duties related to the hiring process. Directly hire candidates we present to you.

Areas of expertise

Contact Center | You'll get agents who excel in a customer care environment including inbound and outbound customer service, collections, and telemarketing with KellyConnect®, our comprehensive customer contact center staffing solution.

Engineering | With extensive experience in the engineering environment, we can provide you with highly qualified professionals, including designers, drafters, engineering managers, project managers, technicians, supply chain specialists, and more.

Finance and Accounting | You can maintain productivity as well as a healthy bottom line with our efficient and cost-effective processes for quickly finding accounting, financial services, and finance professionals—from entry- to senior-level.

Information Technology | Whether you're searching for technicians, network designers, systems analysts, or database administrators for contract or full-time positions, our specialists will identify and recruit the right people who match your requirements.

Law | When you're in need of legal professionals, trust our full-service expertise. We'll provide you with everything from staffing to executive search to team placement to outsourced solutions.

Light Industrial | Our skilled production employees can help keep your manufacturing and logistics facilities operating at optimal productivity. We provide production operators and technicians, material handlers, maintenance technicians, warehouse and fulfillment center managers, and more.

Marketing | With targeted recruiting processes and thorough evaluation techniques, we'll provide you with employees and support for seminars, trade shows, sales promotions, sampling projects, product demonstrations, banquets, and more.

Office | From administrative assistants to data entry specialists to accounting, medical, and legal clerks, to mortgage and insurance processors, you can count on our skilled employees who are prepared from the moment they walk through your door.

Science | As the world's most recognized scientific staffing provider, we'll connect you with the best scientific professionals with experience levels ranging from entry-level to Ph.D.
